A hand-drawn diagram illustrating a feedback loop. It consists of three main components arranged in a clockwise cycle:

- Top Box:** A rectangular box containing the text "We want like 12 new from you".
- Right Oval:** An oval containing the text "Send it".
- Bottom Box:** A rectangular box containing the text "Form".

Arrows indicate the flow of the process: from the top box to the right oval, from the right oval to the bottom box, and from the bottom box back to the top box, completing the loop.
